dwelling deeper.

Sisters! The Dwell ministry has been a blessing over the last two years, and if you would like to continue with the same rhythm of scripture memorization you have been experiencing with our Dwell Differently membership, you can check out their subscriptions at dwelldifferently.com.

In CHS Women's Ministry, we will be going a little deeper this year with something new in 2025! We're getting rooted and grounded in Him and His word and getting to know the God who calls us His "beloved"!

"rooted." will begin in January at the 2025 CHS Women's Retreat! We are revealing the details about this new season at the retreat, but we can tell you this: we're looking for the women of our church to share their amazing hearts with each other in a unique way! Do you love to engage with others through writing? Maybe you feel as though your written prayers are better than how you might speak them aloud? Or perhaps you're the "keep-me-anonymous" type but still want to share? It doesn't matter! We'd just love for more women of CHS to get to hear from our own church family of women while encouraging one another to get to know the God who knows all of us.

a prayer for you.

Heavenly Father, fill our hearts with trust in your word and in your promises. Help us to stand fully rooted and grounded in the fact that you never fail us, Lord. Ever. Help us to remember that when we crumble or faint, you are faithful to lift us up. Give us a longing to lean into faithful, fervent prayer so that our ears - and our hearts - are open to your direction and grace. Father, help us to have hearts of patience while enduring trials, and help us to experience the joy and peace that comes with hoping in you. We pray for the strength to hold unwaveringly onto you, for your promises are true and always for our good. We love and praise you! Amen!
